[UAMD Final QAPP 7-13-2015 Transmittal Letter.pdf](#)
[UAMD Final QAPP 7-13-2015 without transmittal letter.pdf](#)

Paula,

I just broke up the pdf file into 3 separate pdf's: the transmittal letter, the final QAPP without transmittal letter, and the crosswalk by itself. See attached. I left the crosswalk as an Appendix in the QAPP to avoid having to rewrite the QAPP text and references but am also providing the crosswalk as a standalone document. Without changing anything else, will this be sufficient?

Jon

Subject: RE: Final QAPP Upper Animas Mining District

Jon – Unless USACE has a particular requirement for its submittal, can CB&I keep the transmittal letter, the QAPP document and the Crosswalk as 3 separate documents? Each one of these documents is considered a unique item in EPA's process and having them all linked together does not allow EPA's record keeping to reflect that.

Mary - If you or the USACE QA or contracting personnel have concerns with this request, please let me know. Thanks.

Subject: Final QAPP Upper Animas Mining District

Paula,

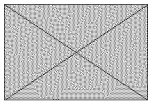

Attached is the Final QAPP for the Review and Organization of Existing Environmental Data for the Upper Animas Mining District in San Juan County, Colorado. This has been prepared in accordance with the Uniform Federal Policy (UFP) for QAPPs and is designed to guide the document review and assessment activities performed by CB&I for USACE and EPA. The EPA Region 8 Quality Assurance Document Review Crosswalk form has been completed and is included with this transmittal.

A copy of Worksheet #1 and #2: Title and Approval Page (Page 3 of the Final QAPP) will be signed and scanned by David Cacciatore and Richard Flynn at CB&I then sent to Chris Fassero and David Ray at USACE for their signature and scan. As requested, Paula Schmittdiel at EPA will be the final signature. CB&I will coordinate obtaining and distributing the signature page.

Please contact me if you have any questions or concerns.

Thank you,

Jon Vail
